

*Reasons Why Our Patients
Love Dr. Douglas J. Snyder's
Office...*

Your Team - Your Dental Family

When you are here, you are family. Our team takes time to get to know you and looks forward to building a life-long relationship.

Our Comfort Zone

It is our pleasure to accommodate our patients with protective eyewear, blankets, bottled water, coffee, juice, and fresh baked cookies. We offer all services within the comfort of our office- no need to go anywhere else. We are here to treat all of your needs.

Relaxation Dentistry

Fear of the dentist is no longer an issue thanks to relaxation dentistry. We offer local anesthetic and nitrous oxide/ laughing gas. This gentle approach is designed to successfully treat patients with a high level of fear or anxiety. You will experience being wonderfully relaxed and totally comfortable.

Fastbraces

Fastbraces® Technology allows for movement of the roots of the teeth towards their final positions from the beginning of treatment by torquing them from the very first appointment. Patients can now get results often with less sensitivity, in about a year, and in some cases, just a few months. We include whitening trays and 2 tubes of bleach FREE when your braces are removed.

Laser Whitening

This is one of the easiest and most effective ways to enhance your appearance. Nothing makes you look "wow" like a white smile! And nothing whitens teeth like Laser Whitening! This system utilizes in-office whitening and take-home whitening to provide a long lasting bright smile.

Cosmetic Dental Options

Look younger and enjoy lasting beauty with the perfect blend of art and science. Thanks to the wonders of modern dentistry, you can have your dream smile with procedures in crown and bridge, porcelain veneers, and implants!

Our office is equipped with the latest technology. We meet or exceed government standards of infection control. We take pride in ensuring you and your family complete safety in the most caring and gentle manner.
